

SUPPORTED VOLUNTEERING

FREE SCHOOL BBQ CREW

OUT IN THE COMMUNITY THE IDEA

A team of our young people running regular, free BBQs at local schools. You cook, serve and chat with the crowd - giving back to the community while building real skills outside the shop.

Food insecurity is something we see a lot of, and a free snag goes a long way. It's your crew - you help run it and grow it, with our team beside you the whole way.

WHAT YOU'LL DO

- » Help set up the BBQ trailer
- » Cook snags on the grill
- » Butter bread and dress sausages

HOW WE HELP

Our Support Workers can assist with:

- » Transport to and from the school
- » Working safely with food
- » Talking with the community
- » Setting up and packing down
- » Cleaning and preparation
- » Building confidence over time

The goal is for the participant to take on more responsibility as their confidence grows.

SKILLS DEVELOPED

- » Communication and teamwork
- » Food handling and hygiene
- » Planning and organisation
- » Confidence with people
- » Time management
- » Giving back to community

EVERYONE IS WELCOME

You don't need a budget with us to take part - if you'd love to get involved, come along with your support worker. We've got the BBQ trailer and the gear ready to go.
