

SUPPORTED MICRO ENTERPRISES

PET SITTING SERVICE

CARE FOR LOCAL PETS

THE IDEA

A pet sitting business that looks after animals while their owners are away. You start simple - popping in to feed fish or cats and check they're happy - then grow into dog sitting, walks and overnight stays as your confidence builds.

Every booking is different and every pet is a regular you get to know. It's your business - you run it and build it, with our team beside you.

WHAT YOU'LL DO

- » Feed fish, cats and small pets
- » Refresh water and clean bowls
- » Check pets are happy and settled
- » Walk and sit dogs as you grow
- » Send owners photo updates
- » Take bookings with support

HOW WE HELP

Our Support Workers can assist with:

- » Transport to and from visits
- » Customer communication
- » Taking bookings and invoicing
- » Meeting pets and owners safely
- » Routines and visit checklists
- » Building business skills over time

The goal is for the participant to take on more responsibility as their confidence grows.

SKILLS DEVELOPED

- » Animal care and responsibility
- » Planning and organisation
- » Money handling
- » Customer service and communication
- » Time management
- » Small business skills

START SMALL, GROW FROM THERE

You can begin with simple feed-and-check visits for fish and cats close to home, then take on dog walking and overnight sitting as you build trust with owners and confidence in yourself.
