# What is this business?

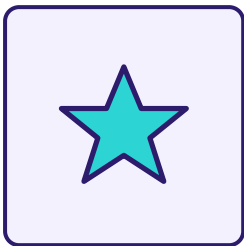

---

This is a business idea you could run. You would set up fun teepee sleepovers for kids in their own home.

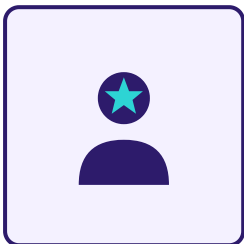

## **You set up teepees.**

You take teepees, beds and lights to a family's home. You make the room look fun and cosy.

## **It is for parties.**

Kids have a sleepover for a birthday, the school holidays or a fun night. Every party is a little bit different.

## **It is your business.**

You run it and you build it. You make the choices about how it works.

### **REMEMBER**

**This business is yours. You are the boss.**
