

GAME HOST

MINECRAFT

ABOUT THIS JOB

Supported by your Support Worker, you will run Minecraft sessions for a small group of two to four kids. You teach them the game, set up challenges for them to work through, and show them what good sportsmanship looks like. The kids are already there because they love Minecraft, so your job is to keep it fun and fair and keep everyone in the game. You do not have to be the best player in the room. You have to be someone they want to play with.

WHAT YOU DO

- » Set the session up before the group arrives
- » Teach the game to anyone who is new to it
- » Set up challenges for the group to work through
- » Keep the session moving and everyone included
- » Show what good sportsmanship looks like, win or lose

WHY THIS JOB MAY SUIT YOU

- » You are good with younger kids
- » You know the game well enough to teach
- » You like explaining things to people
- » You want a small group, not a crowd
- » You like seeing someone get it
- » You want experience for your resume
